

INTERNATIONAL SPORT & LANGUAGE CAMP

GROW SKILLS ACADEMY

WHO WE ARE

International Sport&Language camp is an international summer camp for children, located next to the village of Nea Fokea and Afythos in Chalkidiki, Greece. It covers 50 acres, surrounded by a scenery of outstanding natural beauty, just 200 metres from the sea.

The camp has been operating since 1988 and so far thousands of children have had a unique lifetime experience visiting us. We offer memorable summer holidays to children aged 10 to 16, combining education and entertainment.

PROGRAM

Every day we create a multidimensional programme for our kids. Children have the chance to get in touch with the camp's several sports activities through a rotating schedule, learn English, get in touch with each other and most importantly, participate in a unique entertainment programme. Here's a sample of our daily programme:

ENTERTAINMENT

Every evening we organize a different entertainment activity for our campers such as: talent contest, treasure hunt, pool party, kids outdoor games, international nights, sherlock holmes's game, beach party/sleeping outdoors, carnival party, boys vs girls night and many more.

We also organize excursions to the nearby villages and beaches. All these activities are done under the supervision of coaches and team leaders.

ENGLISH SUMMER SCHOOL

The English summer school is a specialized program that combines English lessons with summer vacation, sports activities and fun! We aim to develop children's English skills, especially the speaking skills but also to provide an unforgettable summer experience where children create friendships with peers not only from the Greece but from all over the world.
